---

Myself an **enthusiastic, self-motivated, reliable, responsible** and **smart** working person. I am a mature team worker and adaptable to all challenging situations. I am able to work well both in a team environment as well as using own initiative. I am able to work well under pressure and adhere to strict deadlines. I am happy to solve new problems.

## EDUCATION

---

### B.Tech ( CSE )

*Mangalmay Institute of Engineering and Technology*

**SGPA : 7.5**

2021 - 2025

*Greater Noida*

### GODWIN PUBLIC SCHOOL

*High School*

**Percentage : 84.6**

2019

*Baheri*

### GODWIN PUBLIC SCHOOL

*Intermediate*

**Percentage : 72.6**

2021

*Baheri*

## SKILLS

---

- **Language** : Java, HTML, CSS, JavaScript
- **Framework** : Bootstrap, React.js, Node.js, Express, EJS
- **Database** : MySQL, MongoDB
- **Additional Skills** : DBMS, OOPS, DSA
- **Developer Tools** : Vs Code
- **Non-Technical Skills** : Excellent problem-solving skills, ability to learn new technologies quickly

## INTERNSHIP

---

### Oasis Infobyte

10 Aug 2024 - 10 Sep 2024

#### *Web Development and Designing*

During my web developer internship at **Oasis Infobyte**, I gained hands-on experience in designing and implementing responsive web applications using HTML, CSS, and JavaScript. I worked on various projects, collaborating with crossfunctional teams to enhance user interfaces, improve site performance, and ensure mobile compatibility.

### CodSoft

1 Sep 2024 - Ongoing

#### *Web Development*

During my one-month web development internship at Code Soft, I learned a variety of skills and successfully completed several projects, including a calculator, a landing page, and a portfolio web page, which enhanced my practical experience in web development.

## PROJECTS

---

### Online Hotel Booking

Developed a comprehensive online hotel booking website, integrating **front-end, back-end**, and **database** components to deliver a seamless user experience. The front-end was built with **HTML, CSS, JavaScript**, featuring a responsive design and intuitive interface for browsing and booking hotels. The back-end, powered by **Node.js** and **Express**, handled user authentication, booking management, and API interactions. Utilized **MongoDB** for a robust database solution to manage hotel listings, reservations, and user data efficiently. **This full-stack project**

demonstrates my capability to create a cohesive and functional web application that effectively bridges user interactions with server-side operations and data management.

## CERTIFICATIONS

---

- **Full Stack Development** by *Apna College*
- **Java with DSA** by *Apna College*
- **IR4.0 Foundation Course** by *TECH SAKSHAM*
